Music - Secrets of Chords - PSR Tutorial

Like a standard piano chord chart, a piano chord progressions chart is a valuable tool for both students as well as composers. Remember, just because a piece may be in a major key doesn't mean that you won't have a minor chords progression in there, and having a chart makes working out diminished and augmented intervals a whole lot faster.

Piano Chord Chart - Master The Piano

Well first off, that progression is no secret! It also predates Santana by decades. But Zappa is making a very clever joke about Santana getting a lot of mileage out of that progression. Depending on your school of thought some people will call this a ii-V progression or a i-IV progression.

In previous entries, I mentioned that there are certain musical patterns that occur over and over again in songs. Today I'm going to discuss one of the most common chord progressions in popular music, what I call the Avril Lavigne Secret Chord Progression, or the Avril Lavigne progression for short.. I'll explain why I call it that in a minute, but here's what the chord progression looks ...

The Avril Lavigne Secret Chord Progression ...

In a musical composition, a chord progression or harmonic progression is a succession of chords. Chord progressions are the foundation of harmony in Western musical tradition from the common practice era of Classical music to the 21st century. Chord progressions are the foundation of Western popular music styles (e.g., pop music, rock music) and traditional music (e.g., blues and jazz).
